## MAG P3 KIT

MAG P3 continues the classic MAG series, adding more stunning features, such as waterproof, dustproof and shockproof. It includes a robust MAG P3 mod and a remarkable 9ml TFV16 tank, preinstalled with a new TFV16 Conical Mesh 0.2Ω coil powered by nexMesh Technology. Driven by external dual 18650 batteries and a smart IQ-M Chipset, MAG P3 can fire up to the max output of 230W with 0.001s flash firing speed. It owns a super responsive 1.9" HD touch screen to offer useful data information for easier operation. In addition, it comes with an input keyboard that provides password protection to unlock the device. This is MAG P3, an all-round vape partner catering to all your needs. Innovation keeps changing the vaping experience!
