RPM80 series is our next game changer in the pod mod category. The RPM80/RPM80 Pro comes with two pod and two coils: one is the RPM80 RPM Pod, which is compatible with all RPM40 coils, and the other one is the RPM80 RCC Pod, which is airflow adjustable and uses the new RCC Conical Mesh 0.17ohm coil that supports the power as high as 80 watts! Stay tuned for this real game changer! Innovation keeps changing the vaping experience!

7 COLORS AVAILABLE

**RPM80 PRO**
Single External 18650 Battery

- Black Stabilizing Wood
- Red Stabilizing Wood
- Fluid Gold
- Fluid Blue
- Black and White Resin
- 7+Color Resin
- Black Carbon Fiber

**RPM80**
Built-in 3000mAh

- Black Stabilizing Wood
- Red Stabilizing Wood
- Fluid Gold
- Fluid Blue
- Black and White Resin
- 7+Color Resin
- Black Carbon Fiber
BREAKTHROUGH POD WITH ADJUSTABLE AIRFLOW

RPM80 RGC Pod is SMOK’s first pod with adjustable airflow. Just like an atomizer, the adjustable airflow ring at the bottom can be rotated to adjust the air input.

SPECIFICATIONS

RPM80 PRO KIT
- Size: 118*31.5*26mm
- Standby Current: <200mA
- Output Voltage: 0.6-4.8V
- Charging Voltage: 5V
- Charger Output: 5V/2A
- Resistance Range: 0.15Ω-3.0Ω
- Weight: 97.3g (18650 battery not included)
- Input Voltage: 3.3V-4.2V
- Output Voltage: 1W-80W
- Charging Current: 1.5A (Max)
- Output Mode: Watt
- E-liquid Capacity: 5ml

RPM80 KIT
- Size: 105*31.5*26mm
- Standby Current: <100mA
- Output Voltage: 0.6-4.8V
- Battery Capacity: 3000mAh
- Charging Voltage: 5V
- Charger Output: 5V/2A
- Resistance Range: 0.15Ω-3.0Ω
- Over-discharge Voltage: 2.4V
- Weight: 120g
- Input Voltage: 3.3V-4.2V
- Output wattage: 1W-80W
- E-liquid Capacity: 5ml
- Charging Current: 1.2A (Max)
- Output Mode: Watt
- Overcharge Voltage: 4.3V
