User Guide

Preparation before use:

- 1) Please make sure the battery you used is according with the BATTERY WARNING CARD.
- 2) Before enjoy vaping, please make sure the tank is filled with enough e-juice.

4

Install Battery

- 1) Slide and open the battery cover as the picture shows;
- 2) Place the batteries into the device according to the correct directions;
- 3) Close the battery cover.

If the screen is not lighted, please check if the battery is OK, or battery is placed in the correct direction or if the battery has enough power. Please contact with our customer consultant if it still cannot be powered on.

6

- 1) Press Power + DOWN Button simultaneously to choose working mode between TC Mode and VW Mode and MEMORY Mode;
- 2) Press Power + UP Button simultaneously to choose different effect Norm/Soft/Hard in WATT MODE or 15-220W in TEMP MODE or M1-M22 in MEMORY MODE.
- 3) Press UP / DOWN Button to adjust the temperature or wattage settings;

4. Screen Locked Status:

Hold the Power Button for 5s and choose POWER OFF to power off.

5. **Power Off:** While the device is locked, hold Power Button for 5s, choose POWER OFF, and the screen turns off, which means the device is power off.

6. **Saving:** All the settings will be automatically saved while settings done. No need to reset after power on.

7. **Menus & Prompts:** After startup, fast press the POWER Button 3 times in 2s, then you will go to the operation menu. At the same time, long-press on the POWER Button has confirmed function; UP/DOWN Button could do menu moves.

8

Introduction:

Alien Kit consists of Alien 220 mod and TFV8 Baby tank; Alien maximum power can up to 220W; and the TFV8 Baby tank—Baby beast will bring you with massive cloud of vapor. Innovation keeps changing the vaping experience!

Specifications

Alien 220 Mod	TFV8 Baby Tank
Size: 85x44x30mm	Material: Stainless Steel
Power Range: 6W-220W	Size: 22x53mm
Standby Current: <300uA	Weight: 47g
Voltage Range: 0.35V-8V	Capacity: 3ml
Resistance Range: 0.1Ω-3Ω (VW) / 0.06Ω-3Ω (TC)	Thread: 510
Temperature Range: 200°F--600°F/100°C--315°C	

1

Verification

1. Using your Smartphone or PC to visit SMOK official website: <http://www.smoktech.com/support/>
2. Scratch off the coating of the security label on packing box to get the 16 anti-fake codes. Fill them into the input box on the webpage to verify. The result will come out after a few seconds.
3. If you have any question, please contact SMOK consultant via e-mail, phone or our website to get more help.

Welcome to download our APP: Vaping Tour, share your vaping experience and communicate with global vapor fans.

3

Components

5

Attach Atomize

Alien atomizer head is using a new generation of elastic-touch design perfectly fit 510 connector atomizers. Please confirm that the atomizer head should not be blocked by any stems before attachment:

- 1) Connect the atomizer to the device and tighten it clockwise.
- 2) After the device is powered on, please press the Power Button to vape.

Mod Operations

1. Power On:

While the device is off power, fast click Power Button 5 times in 2s to start up. The screen successively shows "SMOK", "ALIEN";

2. Vaping:

While the device is power on, hold Power Button to vape (it will be forced to stop working when one vaping is longer than 12s, release once to vape again);

Fast press the Power Button 5 times to lock or unlock

3. Screen Unlocked Status:

7

Icon	Name	Brief introduction
	TC/VW Mode	TEMP MODE WATT MODE
	TEMP MODE	1. Choose different effect by pressing Power Button: 15-220W 2. COIL TYPE: T-NI, T-TI, T-SS 3. Adjust Temperature coefficient of resistance
	WATT MODE	Choose different effect by pressing Power Button: STRENGTH HARD, STRENGTH NORM, STRENGTH SOFT
	MEMORY MODE	1. Choose different effect by pressing Power Button: STRENGTH HARD, STRENGTH NORM, STRENGTH SOFT 2. Set M1-M22 by Up/Down Button to increase/decrease the wattage value
	Vape Data	ALERADY: Puff numbers you have taken; MAX PUFFS: Set limited puff numbers; NEVER: Represents unlimited puffs; PUFFS RESET: puff counter clearing function
	Setting	Press Power Button to enter sub-menu
	SCR TIME	STEALTH ON: in this mode the display is off. Choose STEALTH OFF, and then set screen saver time (15 seconds to 240 seconds).

9

	Over temperature	Stop vaping, you can vape again after 30s

10

Temperature Sensing Coil Material for you to choose: T-NI/T-TI/T-SS. 5. Enter into Adjustable Initial Resistance. You can adjust the initial resistance of your atomizer by pressing the Up/Down button. 6. When the screen shows "TEMPERATURE PROTECTED", the heating coil reached the maximum allowed temperature during the Vaping. If it happens, the Alien will continue to fire, but will not be able to provide the desired wattage.

VW Mode.

Working Power	220W	Battery power
Working Voltage	VOLTOHMSITEN	Working Current
Working Mode	MODE COIL PUFF	Puff Number
	WATT T-NI 000	
	0.0S	

12

Tank Operations

How to fill with e-liquid:

- 1) Hold the tank with one hand, and use another one to press top cap and move it counterclockwise.

- 2) Add e-liquid through the slot, and pay attention not to drip in into the central airflow tube.

14

Control air input:

Rotate the bottom adjustable airflow system to control air input.

Adjustable Airflow Ring

16

LEGAL DISCLAIMER

Under sale is prohibited. Depending on your country/region legal smoking age. 18+ and over 21+ in other countries/regions.

WARNING

This product is not intended for use by persons under legal smoking age, nonsmokers, women who are pregnant or breastfeeding, or persons with or at risk of heart disease, high blood pressure, diabetes, or taking medicine for depression or asthma.

18

Appendix 2 Screen Prompts Table

Prompts	Details
"SMOK", "ALIEN"	Power on success
"SMOK", "ALIEN"	Power off success
BATTERY LOW	Battery power isn't enough, change a battery
HIGH INPUT	Battery voltage is higher than need, change a battery
NO COIL	Atomizer hasn't been detected, attach an atomizer
NEW COIL?	Atomizer has been detected under TC Mode
OHMS TOO LOW	Low resistance value has been detected, replace atomizer

Attentions

1. Before use please read the manual carefully.
2. Connect the atomizer to a power source that is suitable for its intended use.
3. Please avoid making the e-liquid into your mouth directly.
4. Please do not keep the liquid inside the atomizer if the device is not going to be used for a long period.
5. Please refill the tank when the e-liquid is nearly used out to avoid dry-burning of the atomizer.
6. Please do not drop, throw or mishandle this product as the outer shell or inner components may become damaged.
7. In order to prolong the operation of your product, please keep it away from excessive temperature and humid environment.
8. Please keep this product away from children and pregnant women.
