

Letter Of Notification

To: All DISTRIBUTORS in the U.S.

Date: May 7, 2018

Recently, U.S. FOOD & DRUG ADMINISTRATION ("FDA") Commissioner Scott Gottlieb issued a statement about a Youth Tobacco Prevention Plan to stop youth use of and access to e-cigarettes.

Dr. Gottlieb stated: "We see the possibility for ENDS(electronic nicotine delivery systems) products like e-cigarettes and other novel forms of nicotine-delivery to provide a potentially less harmful alternative for currently addicted individual adult smokers who still want to get access to satisfying levels of nicotine without many of the harmful effects that come with the combustion of tobacco. But we've got to step in to protect our kids."

• NOW, THEREFORE, all distributors of SHENZHEN IVPS TECHNOLOGY CO., LTD. ("SMOK") in the U.S. must not sell our products to minors. We take on this issue with urgency. If you illegally sell our products to minors, we may take the following punitive measures:
